

North East Association for Community Living (NEACL) presents the Inclusive Community Award Inspired by Maureen Loaring-Reed at their Annual General Meeting on June 12th, 2019

North East Association for Community Living (NEACL) held their AGM on June 12th at La Forge in Kapuskasing.

NEACL's Inclusive Community Award, inspired by Maureen Loaring-Reed is presented annually by the Board of Directors to a person or group who have significantly contributed to the Vision on Community Living. We believe that all persons should live in a state of dignity and have the opportunity and support to truly participate in and contribute to their own community. When you are included, you develop friendships. This year friendship was the theme. Both recipients have developed deep friendships throughout the years with an individual who receives services from the Agency.

NEACL honors a recipient from the Community of Cochrane and one from the Community of Kapuskasing. Maureen was present at the AGM and presented this year's award to Mrs Gwen Gemmell from Cochrane and to Normand Carrière from Kapuskasing.

Congratulations to this year's recipients.
